## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or disclose a pre-stressed support system for supporting the excavated ground comprising a plurality of tendon support members each height being gradually decreased from the center of the supporting members towards both directions thereof and tensioning members being fixedly supported on the plurality of tendon support members to form an overall semi-parabola shape. The closest prior art, as cited in the national stage application, are KR 10-0188465 and JP 2000-297590; however, neither document discloses the tendon supports and tensioning members forming an overall semi-parabola shape.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
